SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

MS Patent Application  
Commissioner for Patents  
PO Box 1450  
Alexandria, VA 22313-1450

Sir:

In order to comply with the Duty of Disclosure under 37 CFR 1.56,

Applicants submit herewith a Supplemental Information Disclosure Statement,

including Form PTO/SB/08A and copies of the documents listed thereon. It is believed that this Information Disclosure Statement is being filed before the mailing of a first Office Action on the merits and in accordance with 37 C.F.R. 1.97 (b)(4). It is therefore believed that no fee is required for this submission. However, should the U.S. Patent and Trademark Officer determine that any fee is required or that any refund is owed for this application, the Commissioner is hereby authorized and requested to charge the required fee's and/or credit the refund(s) owed to our Deposit Account No 04-0100.

In accordance with MPEP Sections 609 and 707.05(b), it is requested that each document cited (including any cited in applicant's specification which is not repeated on the attached Form PTO/SB/08A) be given thorough consideration and that it be cited of record in the prosecution history of the present application by initialing Form PTO/SB/08A next to the document. Such initialing is requested even if the Examiner does not consider a cited document to be sufficiently pertinent to use in a rejection, or otherwise does not consider it to be prior art for any reason, or even if the Examiner does not believe that the guidelines for citation have been fully complied with. This is requested so that each document becomes listed on the face of the patent issuing on the present application.

The present Information Disclosure Statement is being submitted in compliance with 37 CFR 1.56, but the citation of such document is not to be

construed as an admission that such document is necessarily relevant or prior art.  
No representation is intended that the cited documents represent the results of a complete search, and it is anticipated that the Examiner, in the normal course of examination, will make an independent search and will determine the best prior art consistent with 37 CFR 1.104(a) and in the course of each search, will review for relevance every document cited on the attached form even if not initialed.

Early and favorable consideration is earnestly solicited.

Respectfully submitted,

Dated: October 6, 2003
